Hello Beautiful Soul (aka Spiritual Warrior), Did you take a courageous journey through Mercury Retrograde and your own “underworld” last month? I hope so!

Because, if you did, you’re ready to look at and celebrate all that you excavated. The brilliant Leo light of August gives you the perfect light perspective for the job.

This month, the moon, sun, and stars are all aligned to help you shine brighter and more true to yourself than ever before.

If you didn’t see last month’s video, [you can watch it here](#).

We have two new moons this month which signifies a month full of possibility. Officially, if you live in the U.S., the first moon falls on the evening of the last day of July (the 31st) at 8:11 pm Pacific (which is 11:11 Eastern!).

**Here are the key lunar/astrological dates for August:**

**New Moon in Leo on July 31 @ 8:11 pm Pacific**

**Lion’s Gate Portal on August 8**

**Full Moon in Aquarius on August 15 @ 5:29 am Pacific**

**New Moon in Virgo on August 30 @ 3:38 am Pacific**

On the new moons, set some strong, personal intentions, especially around the theme of the zodiac sign that it’s in. Or in the case of a Leo full moon, you may actually want to

take an ACTION, since Leo is all about taking bold steps forward.

And on the full moon, check-in to see how your intentions are coming to fruition. You may also want to look back exactly six months as well because at that time there was a new moon in the SAME sign. You may find that some sweet six-month cycle of some sort has completed without you even being consciously aware of it.

On August 8 (8/8), we're going to experience something very special – the Lion's Gate Portal. The LGP is an extremely auspicious astrological convergence of Sirius A, the sun and the moon.

I love the symbolism of this. Sirius A is the brightest star in the sky and it's helping to initiate your solar plexus and third eye energies so you can shine bright. When it aligns with the sun and the moon, it creates a portal of energy that helps your energy naturally ascend and allows you to step into your highest possibilities.

Please make sure you consciously celebrate this lucky, light-filled day!

In short, August feels sooooo delicious! My guides gave me all sorts of great metaphors to share with you, so I hope you'll watch the video above and make the most of this positive, loving and courageous month.

And if you're willing to be bold, please share what your Leo-is intentions are for August (and SHARE this video).

Thanks, love, and blessings,

Vicki
