

# **Egypt Underground: The Ancient 100 Ton Stone Boxes Of The Serapeum**

Source: [Brien Foerster](#)

Inside a tunnel system carved out of the solid limestone bedrock in the desert of Egypt, more than 20 granite boxes made of precision shaped Aswan granite (the Stone Boxes of the Serapeum) are a true enigma. Said by some to have been the burial places of prized bulls, their real function is far more intriguing. They are clear examples of Lost Ancient High Technology created before the time of the Dynastic Egyptians.
