

Astro-Energy Forecast for March: Love Gets Bold & Spirit Gets Real

After the craziness of February, the stars are giving us a bit of a break in the first part of March. It all begins with the February 27 full moon in Virgo that's inviting us to wind down and relax. Be mindful of your needs and only do 1) what needs to be done or 2) things you can be more effective at doing in a playful and/or relaxed way.

In the video above, I share the three key themes of the month, as well seven important Astro-dates and two goddess cards – one for the first half of the month and one for the second half. Don't miss me picking those cards, as our March Goddesses are perfect!

Thanks for being you, Beautiful Soul!

Much love and many blessings,

Vicki
