

Press Conference: Shocking Images & Detailed Report of Blood Samples of People Who Died After Taking the Jab, PLUS Images of What's In the Jab

Pathologists presenting at a live-streamed conference in Reutlingen, Germany on 9/20/21 displayed and discussed micrographs of tissue damage from the autopsies of 8 people who have died succeeding administration of the COVID-19 vaccines, confirming autopsy findings of 40 people by Germany's Chief Pathologist Dr. Peter Schirmacher.
