

CLN RADIO NEW EPISODE: GeoEngineering and the Global Assault with Dane Wigington

[Alexis Brooks sits down with Dane Wigington, George Barnes, and Doug Levine to discuss the massive implications of Geoengineering and what we can do to address this issue](#)

This is a CLN Radio Exclusive – Done On Location in Los Angeles (Note that our regularly scheduled air dates are the 2nd and 4th Wednesday of the month)

According to researcher and solar energy expert, Dane Wigington, there is *no* natural weather anymore! So what is going on? By best estimates, Geoengineering, the artificial manipulation of our global climate has been happening for sixty plus years and has created a total disruption of our weather system.

In this candid and sobering discussion, done on-location at the Conscious Life Expo in Los Angeles, I spoke with Dane, as well as commercial photographer and creator of the documentary film, *Look Up!*, George Barnes, and Dr. Doug Levine, executive director of Life After Cancer, about the Global distraction that keep the masses in survival mode which has greatly reduced our ability to be aware of our surroundings, including and especially what is going on in our skies.

Here are some highlights from the discussion:

Learn how commercial photographer and creator of the [documentary film Look Up](#), George Barnes noticed odd patterns when observing time lapse photography that led him to discover that something “not natural” was taking place!

Find out why some aircraft can leave blank lines (or voids) in cloud cover.

Are heavy metals like aluminum directly affecting our cognitive abilities?

What is the connection between strong spikes in obesity, autism, Alzheimer's and even cancer?

What is initiating the wide swings in temperature fluctuation like the [well documented snow fall in Amarillo, TX](#) in May of 2013 just after a record setting temperature of nearly 100 degrees?

The implications of a sustained weather modification program are huge and they affect each and every one of us! But what can we do? Answer: a lot! Find out what you can do to address this issue and begin the process of putting a stop to this assault.

More about our guests:

✘ **Dane Wigington** is the lead researcher for GeoEngineering Watch. He is a solar energy expert who has been working in climate/geoengineering research for over a decade. He owns a 1,600-acre "wildlife preserve" next to Lake Shasta in northern California which was featured in a cover article on the world's largest renewable energy magazine, *Home Power*. Dane has investigated all levels of geo engineering from stratospheric aerosol geoengineering (SAG) to HAARP.

✘ **George Barnes** is the director of "Look Up!," creator of the

SkyderALERT app, and founder of SkyderALERT, Inc.

Barnes is a multiple award-winning Producer/Director/DP with over 20 years of experience. He has served on the Executive Office of the Governor (Florida) and Association of Independent Commercial Producers and shot thousands of campaigns, commercials, and films for clients including Lamborghini Aventador, Hard Rock Hotel, HBO, and Viacom. George is currently the Senior Producer and Head of Production East Coast for UVAmericas and managing director of Skyder, Inc., a 501c4 not-for-profit corporation, creator of the award-winning mobile app SkyderALERT, and director of the award-winning environmental social action documentary "Look Up!"

✘ **Dr. Doug Levine** is the Executive Director of Life After Cancer, and bestselling author of *Answer to Cancer – A Guide to Living Cancer Free*.

Dr. Levine is a licensed Chiropractic Physician with a private practice since 1983. He is the founding Executive Director of "Life After Cancer Network" a non-profit cancer survivor's organization dedicated to the natural restoration of health for people who have had cancer, their families and caregivers. He holds free workshops for cancer survivors, their families and caregivers and has been a guest speaker at the American Cancer Society, Cancer Care, Inc., Gilda's Club of Northern New Jersey and the Florida Chiropractic Physician's Association.
