

What You Can Do to Fight the Bilderbergs in 2016

Editor's Note: While this posting has to do with the Bilderberg Group meeting, which took place over this weekend, the marching orders issued to the attendees will no doubt play out over the next several months and year. As such, the manifestations included in this posting will be effective to be used throughout the next year while those efforts are under way. This is one way in which we can all do our part to do something good for the world. Thank you.

The so called "Bilderberg Group" consists of a self-appointed elite who believe that they have a "natural right" to dominate the world and to exploit it and humanity for their personal gain. The members are the owners of the cartels, the warmongers, large-scale exploiters of every type and the editors in chief and politicians whom they have purchased.

(A cartel is a group of businesses that work together to eliminate competition and to keep prices artificially high. The pharmaceutical manufacturers, for example, work together as a single entity to sell their products to your health service without about 6000% profit over the production costs. The owners of the 5 major cartels – energy, military-industrial, agrochemical, pharmaceutical and banking all work together under the control of the banking cartel which, in turn, is owned outright by the Rothschild family.)

This group meets once per year to appoint the next high-level politicians, give them orders as to what new laws the cartels require and to set forward their plans for a complete world dictatorship.

Up until now, each meeting has been held in an isolated location which is completely sealed off by a massive military and police presence. These meetings have been kept such a well-guarded secret that, although they have been held regularly since the 19th century, they first came to public attention in 1954 with the meeting in the Bilderberg Hotel in Holland (hence the name).

This weekend, the 9th to 12th June, they have reserved the old palace in Dresden city centre for their 2016 meeting.

Whether this is just bravura, deliberate provocation or a decoy to divert attention from the real meeting being held somewhere else?????

It will be easy to determine whether this is a decoy and the real meeting (according to their schedule) is actually being held in the USA.

If no high-ranking politicians turn up in Dresden but have “disappeared” for the weekend then Dresden is a decoy.

Whichever way it is, our action must be the same.

A few days ago, I published a manifestation built upon the method detailed in “[The Key to Luck](#)” upon [this webpage](#).

Originally entitled: “Bilderberg in Dresden”

Update & additional manifestation:

How things stand in Dresden this [Sunday] morning:

On Friday, there was the beginning of a schism within the Bilderberg Group. During the night to Saturday, the “chiefs” were able to dampen this down but it’s still cooking under.

If we remain “on the ball” after Dresden, the chances that

parts of the Bilderberg organisation will break away should not be underestimated.

For all those who work with "[The Key to Luck](#)", the manifestation is:

The Text:

All people, everywhere, see the true plans and desires of the cartels. All secrets are known, all veils are lifted and truth alone rules the affairs of mankind.

The Vision:

Everyone, everywhere; man, woman and child looks up in the sudden knowledge of truth. All faces shine with the knowledge of salvation and divinity. All eyes are open wide and all stand together as one and at one each with the other.

The Feelings:

Thankfulness, freedom, joy and unity
