Horoscopes Tuesday 25th July 2017

Aries 21 March – 20 April

If you're enthusiastic about a new idea it can benefit you to look at the facts and consider it in greater detail. While Mercury, the planet of communication and its link to lively Uranus can spark fresh revelations, its move into practical Virgo also encourages further research. You may find that by making a few adjustments you can maintain its forward momentum and succeed.

Taurus 21 April – 21 May

A shift in focus today can see you keen to employ your talents in activities such as redecorating, making gifts or creating an item for the home. The present backdrop hints that this can be a good time to learn a new skill or to take up a hobby that could provide you with many hours of pleasure. On the domestic front though, delegating tasks might help you get more done Taurus.

Gemini 22 May – 21 June

A burst of energy can see you excited by an idea and keen to do your utmost to get it off the ground. But your intuitive side also comes into play from today, as Mercury your lead planet moves into a more personal sector. Therefore, if you sense that further improvements might be helpful to the outcome, it may be just as well to heed your instincts and follow through.

Cancer 22 June – 23 July

As the buoyant energy of Jupiter angles towards the intense energies of Pluto for the third time, this potent aspect can coincide with the next stage of a key plan, as you aspire to reach a new milestone. But it may be just as well to consider costs and other resources, as the cosmos hints that you might be able to bargain for a better deal if you're willing to ask for one Cancer.

Leo 24 July – 23 August

A bold idea can see you moving out of your comfort zone and enjoying the experience of doing so. But this urge may be overridden by another compelling aspect that is coming to a head for the third time over past months. The overarching message suggests it may be wise to pace yourself concerning new ventures, as the coming weeks can see a potential move in a new direction.

Virgo 24 August – 23 September

Although Mercury, your guide planet, moves into your sign from today enabling thoughtful self-expression, emotions could still play a big part in the decision-making process. The coming weeks sees a lot of activity in the most secluded

sector of your chart. Your [horoscope](#) suggests that plans may not always proceed as intended, as fate could well have a hand in the outcome too Virgo.

Libra 24 September – 23 October

A project that seems to have a lot going for it could entice you to make a spur-of-the-moment decision. But other influences suggest that it might demand a lot more from you than you thought, so it may be just as well to ask a few questions first Libra. Even if you feel uncomfortable about doing so, actually it can be better to know now than find out when it's somewhat too late.

Scorpio 24 October – 22 November

You could be very excited about an idea and keen to get into action Scorpio. Indeed, the next month looks to be a turning point regarding future plans, so it can help to take your time. Consider doing any necessary information gathering now, as the coming weeks could bring unexpected opportunities as well as a need for fast decision-making, so it is just as well to be prepared.

Sagittarius 23 November – 21 December

While you might prefer to focus on adventurous options, it can help to get any responsibilities out of the way first. Along with this Sagittarius, an edgy link between Jupiter your guide planet and the potent energies of Pluto, hint that adopting a different stance concerning core values and beliefs may be wise. Doing so could allow you to work closely with others on a team project.

Capricorn 22 December – 20 January

This may be the perfect time to make changes while you feel empowered to do so, which is all to the good Capricorn. But events over the coming month could be more far-reaching than you envisaged. Due to influences that come into play over the weeks ahead you may decide to go much further than anticipated and this could lead to quite an important breakthrough for you.

Aquarius 21 January – 19 February

As Mercury, the planet of talk and thought, moves into a more intense sector it can be difficult to ignore the inner nudges this gifts you. But this can be a positive Aquarius, as no matter how good a relationship seems to be, the cosmos hints it could require some adjustment over coming weeks. Moreover, listening to such intuitive hints can enable you to make choices that really work for you.

Pisces 20 February – 20 March

As the focus swings to your sector of relating from today, it can bring an opportunity to discuss matters that require a decision. Bringing them into awareness and finding a way to come to an agreement might allow you to resolve such issues in a positive way. But where a friend is concerned, a firm approach may be necessary Pisces, especially if you have felt put upon lately.
