Language is the great tool of the tyrants. It always has been, and always will be. Patriots are expected to abide by a PATRIOT Act that destroys their Bill of Rights, support “surgical strikes” against “enemy combatants” by the Department of “Defense,” and cheer the award of the Nobel Peace Prize to those who wage war. Find out more about the doublespeak that underpins our political unreality on this week’s edition of The Eyeopener report with James Corbett.
