

Mercury in Pisces 2nd-19th March, DEEP DIVE, Event Chart, Key Aspects + Zodiac Forecasts all signs

DEEP DIVE VIDEO The Winged Messenger Mercury glided into Pisces on the 2nd March 2023 for a 17 day Celestial Pit Stop. Yet as it does Old Father Time, Saturn, is closely in attendance. What does this mean?

- Why is Pisces NOT the best of signs to host Mercury?
- What Aspects or angles to other planets does Mercury forge?
- Learn why March 16th can be especially challenging.
- What is it's Cazimi with the Sun? It occurs on the 17th, but also squares Mars too, disruptively on the same day. How can we manage this?
- What does it mean if you have this Natively, in your birth chart?
- What can we all expect in the next few weeks?
- And what does the Event Chart tell us? What House is Mercury in as this journey begins?
