

Morning Inspiration: How To Think Like A Successful Person (Motivational Video)

Source: [Mulligan Brothers MOTIVATION](#)

The tenets of success include having a dream, working towards it with a plan and making that vision big enough that its scary. Why think small when you can achieve so much more?

“Never, ever think small. If you’re going to accomplish anything you have to think big. You have to go and shoot for the stars. The biggest challenge most people have is because they think small. The reasons why people think small, why they choose small little goals is because they are afraid to fail. They know that if you choose a big goal then the chances of failing are very high!”Arnold Schwarzenegger
