No matter how hard it gets, you can survive the hard knocks of life and strive to fulfill the best for yourself. Think of the bumps along the way as a testing period to launch you into something greater.

“It’s only a beginning always. The young must know it. The old must know it. Because the greatness comes not when things go always good for you but the greatness comes when you’re really tested. When you take some knocks and disappointments, when sadness comes, because only if you’ve been in the deepest valley, can you ever know how magnificent it is to be on the highest mountain.”
