Source: [Mulligan Brothers MOTIVATION](#)

One of the quickest ways to accomplish your dreams is to make it more evident in your eyes. A method to do that is to write them down and repeat them to yourself daily

“I’ve got to set it out there and say how how I’m going to get there, I’m not sure but it’s there. I’ve had goals and dreams that I’ve had, 19 out of 20 that I wrote down in 1988 and completely forgot about them.”

Watch and be motivated today!!!!
