Editor's comment: Karma Singh's ongoing Messiah series continues with these three videos, which are meant to empower you in general and in particular during these difficult times.

Here is Part 4:

Conditioned, as we are, to believe that we must pay for everything that we need to live, our focus lies outside of ourselves, upon that which we “need” to do to justify our existence. The belief is, of course, not true but it does get in the way of recognizing and accepting much of what does belong to us as our right of birth. One of these is known as the Golden Flower, The Flower of the Sun, Apollo's Shield and a variety of other names across the planet. It is very gentle and very powerful: If you try to take it, it will go away. If you let it be, it will enter you and enhance your whole being experience.

Here is Part 5:

Much of human activity is coloured and contorted by fear. But what is fear? Karma Singh defines it as the only thing that a human being can experience which has no existence whatsoever; it is nothing other than a hole in your own energy fields. Nothing can enter this hole other than you, yourself. The moment you enter, the hole ceases to exist.

There is, however, a much practiced habit of looking away from fear; of trying to justify it. This is something that we have been most deliberately taught over many centuries in order to

keep us subjugated. A hero is one who has overcome this conditioning and uncovered his/her power hidden behind it.

Here is Part 5A:

And, finally, here is part 5A, which contains a transmission which can reportedly help to address the “fear” mentioned in Part 5:

Robert O'Leary, JD BARA, has had an abiding interest in alternative health products & modalities since the early 1970's & he has seen how they have made people go from lacking health to vibrant health. He became an attorney, singer-songwriter, martial artist & father along the way and brings that experience to his practice as a BioAcoustic Soundhealth Practitioner, under the tutelage of the award-winning founder of BioAcoustic Biology, Sharry Edwards, whose Institute of BioAcoustic Biology has now been serving clients for 30 years with a non-invasive & safe integrative modality that supports the body's ability to self-heal using the power of the human voice. Robert brings this modality to serve clients in Greater Springfield, Massachusetts and New England (USA) & “virtually” the world. He can also be reached at romayasoundhealthandbeauty@gmail.com.
