

What is a Soul-Infused Personality?

What do you know about higher dimensions? I used to call them 'planes', this was my understanding 30-40 years ago. This is how I understood it. I knew many of us walked around with the same experience and how we interpreted it depended upon the plane we existed on. I didn't have a deep understanding, this was my explanation why some people react differently in a similar situation.

We can see that happening in our world today. Some of us walk contentedly and others of us walk in fear. We all experience the effects of a virus that has caused isolation, disruption and at the same time for some an increase in the quality of life.

An Exercise

Don't judge or be hard on yourself, be realistic. List the ups and downs of the last year. Then spend some time thinking on how you responded. Ask yourself, did I improve or not? What did I learn as a result? Am I in a better or worse place? It is an interesting process. One can learn much by looking at it from a broader perspective; that is looking down on it, instead of in the midst of it. Remember, these were experiences. Release your judgments on them and let them go.

What is Channeling?

Today I would like to share with you a channeling from Archangel Michael. If you are unfamiliar with the term 'channeling' think of it like this. It is a knowing, information that comes from your Higher Self (that is the

eternal part of you) in a way that you can understand and benefit from. For some it comes through the written word, for another it is spoken and often another person writes the messages down; another person may channel through art or music.

Well-documented Sources of Channeling

Within this channel is a glimpse of higher dimensions. I recall reading in the Bible about how Apostle Paul was called up to the [‘third heaven’](#) and referred to it as paradise, “things he heard were too sacred for words, things that man is not permitted to tell”. Jesus also spoke about meeting in paradise. I can’t help thinking that what he experienced correlates to dimensional teachings in our current time.

The many occurrences of [Archangel Michael](#) in the Bible, including: “And there was war in heaven: Michael and his angels fought against the dragon; and the dragon fought and his angels” (Revelation 12:7-9).

Yes, it is true, the Bible has been recorded and rewritten many, many times. However, there are themes always present and the revelation of angels to humans is recorded over and over.

Archangel Michael

Archangel Michael has channeled through [Ronna](#) Herman Vezane for over twenty-five years.

At 93 years of age, “Ronna is a living example of what she teaches: to integrate the subconscious, conscious and superconscious minds, to heal the physical, emotional and mental bodies, and to partner with Spirit to become a Self-master and a cocreator of love, abundance, peace and joy”.

[Here](#) is a link to the current message from Archangel Michael/Ronna on [April 30th](#). Below I have highlighted some of the content. Enjoy and may you benefit from this higher

dimensional wisdom. No rules or dogma, the channel is an intention to set your “hearts afire” with love! Much love, Julia (BTW, you can listen to messages from Ronna’s books [here.](#))

Becoming A Soul-Infused Personality – LM May 21

1. Move to higher levels of consciousness in order to gain your own Full Spectrum Divinity. To accomplish this, you will gain access to your personal Flower of Life Creator Wheel which contains a full measure of the Twelve Rays of God-Consciousness.
2. In order to evolve, you must expand your capacity for Love/Light so that it includes all facets of creation upon the Earth: love of nature, love of the animal kingdom, love for your perceived enemies, and most important, love of Self.
3. Training is involved: both on one’s outer and inner world. Disciplines should be followed to help see the the bigger picture and not get entangled in the small story dramas.
4. Understand the ego facet of your physical self, it has been an instrument to create an illusional belief system on the material plane. As a result life is seen as separate, fearful, selfish and also a place of limited resources.
5. Know that humanity is in the midst of a Soul and cellular awakening! Moving into the higher fourth and fifth dimensions allows your cells, etheric body and auric field to begin an accelerated purification process.
6. Diligently endeavor to develop your mental senses of intuition and Divine wisdom in order to use the right brain of consciousness, intuition. This will help you move past the often distorted physical senses.
7. The Soul is neither Spirit nor matter. It is a

crystalline, sacred fire memory seed atom, a fragment of pure light essence that is programed to record your journey throughout the Sub-Universal experience.

8. You were programed to forever seek the Sacred Heart of your Essence and now the DNA encodings are allowing humans to know this fully!
9. The fourth dimension could be called a 'transitional reality', where you let go of all the preconditioning of the past.
10. The fifth dimension includes tranquility and offers one godly wisdom and power to move beyond massive belief patterns humans have held collectively.
11. The sixth dimension is the dimension of immortality and a greatly expanded soul consciousness where one can reconnect with the highest levels of potential within this sub-universe.
12. The seventh dimension is the final evolutionary boundary for humanity with this round of Sub-Universal experience.

Julia Parsell is a Certified Holistic Health Counselor with an emphasis on the intersection of science and the sacred. She writes from experiences and transformative understandings that have led her to an authentic and peaceful life. She goes by these names: wife, daughter, grandmother, mother, sister, aunt, niece, cousin, and friend. As home educator of her three children, she also developed/ran cafes, and maintained various leadership roles within her community. Her greatest desire is to encourage others to live life fully. Her passions are family, art creation, writing, and trail blazing. She is happily married in Western North Carolina.
