

WATCH the REPLAY: World Oneness Day with Over 10 Million Oneness Meditators from Around the Globe

Source: [pkconsciousness](https://pkconsciousness.com)

WATCH THE REPLAY: It is time that the world consciousness shifts towards oneness – for oneness transcends every form of division – be it on the basis of race, religion, belief, gender or ideology. [World Oneness Day](#) (on 7-March-2021 at 7:30 am EST) is not an ordinary meditation gathering. It is the noblest of causes and an extraordinary phenomenon: a massive resonance that will impact the Earth. This is the first time ever (something like this has happened). On that day, there will be **over 10 million people from across the world** all of whom will move into a magnificent state of oneness and all 10 million people will give Deeksha for pushing the world towards oneness. The HeartMath organization will measure the electromagnetic changes to our magnificent Mother Earth during and after the Deeksha giving.
