## Astrology Overview for Jul 29-Aug 04, 2019

This week some restless energies can dominate, not least with the Square between the feisty energies of Uranus, and the conjunction of the Sun/Venus in Leo. Although this duo are offering wonderful charismatic magic for us to manifest with, this is certainly not a time to lord it over people or fall into the trap of being superior.

Also in relationship scenarios this is week to be open to flex to new possibilities and ways of doing things. If we are determined to do it our way and discount bending and flexing to meet others half way, it could trigger rebellion. Spending decisions can also be more hurried and rather impulsive. But then again a loved one could press us for some kind of financial assistance. Not the best of weeks to spoil anyone or

make grand gestures. What we can do is seek new and imaginative ways to sweat our resources, and be as open to more inventive approaches, just perhaps not radically risk taking ones.

Mercury also continues its strident opposition to Pluto. The great news is that Mercury also ends its retrograde on the 31st before going direct on the 2nd of August. Although this can see some log jams unblocked, the Pluto opposition is still a breeding ground for polarized positions and views, or to encounter those who are rather bombastic or opinionated.

The wonderful warmth of the Leo/Venus New Moon on Thursday at 4.11 BST does urge us all to pour warm, fire and energy into the situations which are truly meaningful. This would be a fine time to go on a date, or to add some glamorous or fashionable twists to our wardrobes.
