Astrology Overview for May 15-21, 2023

This week really is a celestial blockbuster with some big planetary shifts and if we grasp the nettle it can see some positive developments.

Life is likely to pick up speed in a number of ways, especially with Mercury going Direct and Jupiter arriving in Taurus. Socially, a much more interactive period begins for us all as Mars arrives in Leo.

But wait, with a crunching Fixed T Square between Mars, Jupiter and Pluto some big developments on the world stage are possible too.
